Profile

Motivated Computer Science and Engineering student with a strong interest in frontend development and software engineering. Skilled in HTML, CSS, JavaScript, React.js, Python, C, PHP, and MySQL. Experienced in developing responsive web applications, dashboard interfaces, and practical software solutions. Passionate about software engineering, problem solving, and learning modern technologies.

Technical Skills

Programming	C, Python, JavaScript
Frontend	HTML5, CSS3, JavaScript, React.js
Backend	PHP, Flask
Database	MySQL
Tools	Vite, Tailwind CSS, TensorFlow, Git, GitHub, VS Code

Projects

Emotion Detection from Text using Bi-LSTM *Python, Flask, TensorFlow*

- Developed a Bi-LSTM based text emotion classification system.
- Built a responsive web interface for real-time emotion prediction.
- Integrated the trained deep learning model with a Flask backend.

Nimbus Admin Dashboard *React, Vite, Tailwind CSS*

- Built a responsive admin dashboard with analytics and interactive charts.
- Developed reusable React components and responsive layouts.
- Designed a modern user interface focused on usability and accessibility.

Social Learning Notes Exchange *HTML, CSS, JavaScript, PHP, MySQL*

- Developed a platform for students to upload, download, and share academic notes.
- Implemented authentication, file upload, search, ratings, and comments.
- Used PHP and MySQL for backend functionality and data management.

Education

Bannari Amman Institute of Technology *2023–2027*
Bachelor of Engineering in Computer Science and Engineering **CGPA: 5.63**

SKV Matric Higher Secondary School *2021–2023*
Higher Secondary Certificate (HSC) **50%**

SKV Matric Higher Secondary School *2020–2021*
Secondary School Leaving Certificate (SSLC) **Pass**

Conference & Paper Presentation

- Presented the research paper "Artificial Intelligence in Signal Processing" at NEURONIX'26, National-Level Conference on Next-Generation Electronics, Circuits & Intelligent Signal Systems, Mailam Engineering College, March 2026.

Achievements

- Participated in The Data Decode Challenge – Insight Extraction Sprint, organized by the Indian Institute of Science (IISc), Bangalore through Unstop.

Certifications

- Introduction to Generative AI and Agents – Microsoft, June 2026
- Cybersecurity – Skill India Digital Hub & Tech Mahindra Foundation, March 2026
- JavaScript – Infosys Springboard, February 2026
- Python (Basic) – HackerRank
- SQL (Basic) – HackerRank, January 2026
- Internet of Things (IoT) – UpSkill, April 2025

Strengths

Problem Solving Teamwork Quick Learner Communication Adaptability
